**Most Utah hospitals in this table had about as many deaths as expected compared to similar hospitals in the U.S. One Utah hospital had fewer than expected. No hospital had more than expected.**

[See additional hospitals that treated at least one patient but less than 30 patients.](#)

[Learn about Primary Stroke Centers and Telestroke Facilities.](#)

[View Data Limitations.](#)

**Rating:** based on the Exact 95% Confidence Interval test of statistical significance, except hospitals with no deaths from 2004 through 2006 have three stars.

*** Fewer deaths than expected (better)	** Same as expected	* More deaths than expected
---	---------------------	-----------------------------

**Actual deaths:** percentage of patients who received care for this condition or procedure and died in this hospital.

**Expected deaths:** percentage of patients who were expected to die at this hospital if it performed the same as other U.S. hospitals that treated similar patients (age, gender, how ill the patients were).
